

Every year, Congressman Altmire's office receives hundreds of requests for federal funding, and he does his best to help local nonprofits, schools, police and fire departments, small businesses, and municipalities secure funding to provide services, create jobs, and grow the local economy. One of the avenues for federal assistance is through the annual appropriations, or budget, process. For a list of all of Congressman Altmire's requests for fiscal year 2010, click [here](#).

Congressman Altmire is currently accepting appropriations requests for fiscal year 2011. If you would like to submit an appropriations request for fiscal year 2011, please call our office at (202) 225-2565 or email AltmireAppropriations@mail.house.gov to request a form.

Surface Transportation Bill Funding Requests

The Surface Transportation Authorization bill will lay out the federal government's transportation and infrastructure funding priorities for the next five years. As the only western Pennsylvanian on the House Transportation and Infrastructure Committee, Congressman Altmire is working to secure funding that will improve western Pennsylvania's infrastructure and pave the way for our region's long-term economic growth.

As part of Congressman Altmire's on-going efforts to make Congress more transparent, he has posted all of his funding requests for the upcoming Surface Transportation Authorization bill on his website. You can view the requests by clicking [here](#).

It is important to note that all of these requests are still being reviewed by the House Transportation Committee. There is no guarantee that any of these project requests will be funded.
